ENGINEERING THE FUTURE SUPPLY CHAIN

## QUALITY ASSURANCE & CERTIFICATION STATEMENT

### Compliance Framework

K&L Industries maintains a rigorous quality management system to ensure all supplied industrial components meet the highest international safety and performance standards. Our commitment to excellence is verified through our partnerships with leading global certification bodies.

All products supplied for EPC projects are fully traceable and accompanied by comprehensive documentation, including Mill Test Certificates (MTC), Factory Audit Reports, and Third-Party Inspections (SGS, TUV, BV) as required by project specifications.
